

## *Elk of the Month*

The February Elk of the Month is Rick Malcolm. Has anybody noticed how hard both Sheri and Rick have been working lately? I have to commend them both for doing so much and such a fine job. They have cooked several events in the past couple months and worked hard to try to get the place decorated, cleaned up and organized. Rick accepted the position of Bar Manager and has made some changes and worked many nights to keep the bar open when others were sick or incapacitated. He has done way more than most people at the lodge to set up and to clean up and organize. He has lots of good ideas that we are trying to put into place. The bar has started to make a profit for the first time in this fiscal year under his new guidance. Hopefully this will continue. One of my best decisions this year was to appoint him Bar Manager. With his past experience as ER, he has a grasp of what it takes to run the lodge and he really steps up to do more than his share. Thank you Rick; and please take the time to thank Rick yourself.
